# LOW-PROFILE PRICE COMPUTING SCALES

- Four models: 240 oz x 0.1 oz, 15 lb x 0.005 lb, 30 lb x 0.01 lb or 60 lb x 0.02 lb capacities
- Up to 99 easy-to-add PLUs for quick reference
- 12.6 W x 9 in D platform size
- Displays Weight, Unit Price, and Total Price with operator and customer views
- RS232 serial port for label printer connectivity

## D/DM Series Digital Price Computing Scales and Optional Label Printer

DETECTO's D/DM Series price computing scales offer a dual power source of a rechargeable battery pack and 110/120VAC 50/60 Hz adapter (included) for reliable use at farmer's markets, delis, bakeries, candy and coffee shops, produce markets, and hardware stores. The D/DM series' Pre-Pack key saves time by retaining the Unit Price and Tare for repetitive price computing, making the operator's job even faster. The D/DM series feature an auto shut-off, sleep, and backlight off mode extending the retail scales' battery life.

The D/DM series' RS232 serial port allows you to connect a label printer, such as the easy-to-use model P225 thermal printer with plug-and-play compatibility and fixed formatting.

## 12-lb Capacity Mariner® WPS12 Washdown, Easy-to Clean Digital Scales

DETECTO's Mariner® WPS12 washdown portion control scale is submersible underwater for easy clean-up after messy weighing applications. This NSF-certified stainless steel scale offers a dual power source of rechargeable battery power or 120V AC adapter (included) with a watertight AC plug on the side. The 1.2-inch-high LCD with large 1 inch-high bold digits make readouts quick and easy to view. The Mariner® saves time and helps reduce the risk of bacteria harboring in the nooks and crannies of the scale by providing complete submersion when washing for sanitary environments.

# TOP LOADING DIAL SCALES

- Multiple capacities and platform sizes to choose from
- 16 oz x ¼ oz up to 200 lb x 8 oz capacities available
- Choice of stainless steel or white baked enamel finish
- Fixed or rotating dials
- Air dashpot models available

## PT and T Series Top Loading Dial Scales

Available in baked enamel or stainless steel, DETECTO's PT and T series are the top loader product lines of choice. They feature sturdy construction, stability, convenient weight viewing angle, bright-red pointer, and temperature compensation for dependable accuracy and easy readability. Available in a number of different capacities, these top loaders can be used for a variety of applications. Most models feature a 5.75-inch-square stainless steel platform. These economically priced scales are the perfect solution to limited space on a limited budget. Some models include a bowl.

DETECTO
www.Detecto.com

## RP30 Series Digital Ingredient Scales with Patented 360-Degree Rotating Platforms

The DETECTO RP30 series allows you to view the exact amount of ingredients as they're being applied to the food product you're building directly on the scale, reducing ingredient inventory costs based on weight. With a busy bakery, pizza kitchen, or sandwich shop completing several finished goods per hour, product savings adds up fast. The rotating platform further reduces production time and allows for an even distribution of ingredients, creating big savings and a fast payback on investment.

## INGREDIENT SCALES OFFER QUICK ROI

- 30 lb x 0.1 oz / 15 kg x 5 g capacity
- 13-in-diameter round platter or 17 x 13 in rectangular platter
- Displays individual ingredient weights and total product weight
- Built-in rechargeable battery power and AC adapter included
- Patented 360° rotating platform

# WIRELESS DIGITAL INGREDIENT SCALES

- Available in 30 lb and 60 lb capacities
- 14 in W x 14 in D x 1.6 in H stainless steel platform
- Hands-free tare for faster prep times
- 10 AA batteries (not included) or AC adapter (included)
- lb: oz (decimals), lb: oz (fractions), and kg

## PZ30W and PZ60W Scales with Bluetooth Connectivity Between Scale and Indicator

DETECTO's stainless steel PZ series digital scales feature hands-free tare for totally touchless zeroing of each ingredient's weight for more sanitary conditions and faster food prep times. The weight indicator and scale base are connected wirelessly via Bluetooth, so you may position the indicator up to 30 feet from the scale base. The display comes with mounting hardware to affix it to the wall or it can be set on a level surface. Functions include weight hold, tare, units switching, and three selectable wireless channels.

## Durable 1001TB/1002TB and 1051TB/1052TB Series Scales

# DEPENDABLE BAKER'S DOUGH SCALES

- 8 lb, 16 lb, 5 kg, and 8 kg capacities
- 9 in / 23 cm diameter platforms
- Baked enamel or stainless steel models
- USDA approved
- Includes weight set

DETECTO's long-lasting baker's dough scales are manufactured in durable USDA-approved oven-baked enamel finish or a rugged USDA-approved stainless steel design. The scales feature precision-built hardened-steel pivots, accurate and even balances, and V-shaped, hardened bearings. A seamless, easy-to-clean plastic scoop is included with some models. A favorite of bakers since 1900, DETECTO's durable, dependable baker's dough scales provide long-term, accurate weighing.

MODEL 1051TBS
CAPACITY: 16 lb.

## Durable, Legal-for-Trade EB-190 Bench Scales Featuring ColorZone Checkweighing

DETECTO's EB-190 series bench scale indicators are impact resistant and protected from sharp objects. Stainless steel construction of the scale platform and column ensures easy clean-up and long-lasting quality. Other scale features include a 1-inch-high LCD, built-in RS232 communications port, optional Wi-Fi Ethernet, and versatile power options (including rechargeable battery power). The bright, vivid 190 STORM display changes color automatically as the pre-assigned target weights are reached.

# ALL-PURPOSE PORTABLE PLATFORM SCALES

- **500 lb x 0.2 lb / 220 kg x 0.1 kg and 1,000 lb x 0.5 lb / 440 kg x 0.2 kg capacities**
- **19 in x 28 in platform**
- **Wheels for mobility**
- **Serial output for label printer connectivity**

The 5852F/8852F series feature an RS232 serial port, so they may be connected to printers such as DETECTO's P225 thermal label printer.

## 5852F/8852F Series Digital Receiving Scales

Portable and attractive, these digital portable scales with 5-inch diameter rubolene wheels let the weighing come to you. With a platform size of 19 x 28 inch and capacities of 500 or 1,000 lbs, there is very little these scales aren't capable of weighing. Models are constructed entirely of heavy-duty welded, fabricated steel with electrostatic paint coating, and they are equipped with either a 190, 204, 205, or 210 digital weight indicator having push button tare, pounds/kilograms conversion, and RS232 serial output. NTEP legal-for-trade certified.

# GLOVE BOX HOLDERS

**Mild Steel and Stainless Steel GH Series Universal Glove Box Holders**

- Models capable of holding one, two, or three boxes of gloves
- Installs in seconds – mounting hardware included
- Open face design
- Private labeling available
- Accommodates most glove box types

Conserve counter space with DETECTO's white baked epoxy finish or stainless steel universal glove box holders. The open face design allows you to see what size or type of glove is being dispensed. The holders are universal enough to hold most glove box types where counter or shelf space is limited. GH models are available capable of holding one, two, or three boxes of gloves. The glove box holders come with a DETECTO lifetime guarantee.

# WASTE RECEPTACLES

- Available in 3 finishes: baked epoxy painted red or white and stainless steel
- Available in 16qt, 24qt, 32qt, 48qt and 100qt capacities
- American-made, durable construction
- Heavy-duty foot pedal and self-closing lid
- Long-lasting trash can quality for food waste
## Ruggedly-Built, Flame-Retardant P and C Series Step-On-Cans for Food Waste

Named for their rugged toughness that a person can actually stand on, DETECTO's step-on cans are perfect for commercial foodservice waste disposal. The step-on-cans are equipped with a heavy-duty foot pedal and linkage design and feature a bag securing mechanism. The trash cans are available in either stainless steel or a baked epoxy finish (available in white or red) and they are flame retardant. Five different can sizes are available to meet your specific sizing requirements.

**DETECTO®**
www.Detecto.com

## Uniquely-Innovative Dump Commander® Portable Trash Can Dumping System

DETECTO's Dump Commander® solves the problem of transferring waste from your facility to the outside trash bin. Dump Commander® is narrow and mobile enough to wheel anywhere you need it and offers mechanical lifting power to dump commercial trashcan-sized containers into a larger bin. The Dump Commander® will quickly lift up to 150-pound trash cans with the push of a single button. The rechargeable battery-operated system can be operated by a single person. The Dump Commander® prevents injury due to heavy lifting, potentially offering huge savings on worker's compensation insurance premiums.

- Creates a safe work environment and reduces worker's compensation claims
- Interfaces with off-the-shelf commercial trash can dollies
- No more spilled trash due to bag breakage
- Hand-held controller with rocker switch and 8-ft cord
- Reduces labor time from two employees to one for dumping trash
