7550

CONNECTED WALL-MOUNT FOLD-UP WHEELCHAIR SCALE

Bluetooth™

Wi-Fi WORKS WITH **DS smart**™

Stylish gray color and unique fold-up storage allow the 7550 scale to integrate into any healthcare environment.

WHEELCHAIR SCALE BLENDS
INTO ANY HEALTHCARE ENVIRONMENT

Install the 7550 Right in High-Traffic Areas and Fold Up When Done Weighing

- Retains patient dignity by weighing in open commons areas instead of backrooms or closets

- The fold-up non-weighing mode allows you to store the scale in high-traffic areas and work zones without using up valuable floor space

- The wall-mount scale stores easily out of the way and aesthetically blends into any environment for a more efficient workflow

- Slim 7-inch / 18-cm profile takes up minimal space when installed in a medical facility hallway, clinical office, or patient room

- 1,000 lb x 0.2 lb / 450 kg x 0.1 kg capacity

- Bluetooth 5.0 / Wi-Fi included standard for wireless connectivity with EMR/EHR systems

- Sturdy steel construction for long-lasting durability over a lifetime of use

Integrated full-color, touchscreen LCD with wheelchair tare weight mode to remove wheelchair weights and factor patient weight

WHEELCHAIR SCALE

Mounts Securely to the Wall for Storage

- 36 in W x 33 in D / 91 cm W x 84 cm D Weighing Platform Provides Ample Room
- Wheelchair Tare Entry Can be Done Before or After the Patient is on the Scale
- Accommodates Some Sizes of Power Wheelchairs
- May be Used on Carpet or Hard Floor Surfaces
- RS232 Serial and USB Ports
- Wi-Fi and Bluetooth 5.0 Wireless Connectivity
- 6 C Batteries (not included) or AC Adapter (included on some models)
- Body Mass Index Calculation
- Units Locking into LB or KG
- Two-Way Easy Access Ramps
- Auto Weight Lock Feature
- Gas Spring Platform Lifting Mechanism
- StableSENSE Adjustable Filtering
- Textured Non-Skid Mat on Ramp and Platform
- Compact Vertical Fold-Up Platform Conserves Space
- Pushbutton and Keypad Tare for Wheelchair Weights

8-Digit Numeric Patient ID

DETECTO's 7550 incorporates an iPhone-like touchscreen LCD that allows you to enter up to 8-digit patient IDs that can be sent along with patient weight data to EMR systems via USB, RS232, Wi-Fi or Bluetooth 5.0.

Detecto's model 7550 wheelchair scale features a unique fold-up storage design that saves space when not in use. The 7550 easily accommodates most wheelchairs, and yet requires very little floor space when folded up. The slim 7-inch / 18-cm profile takes up minimal space when installed in a medical facility hallway, clinical office, long-term care center, or nursing home.

When you're ready to weigh, simply lower the platform and the gas spring lifting mechanism will gently lower it into place. The 7550's 1.5-inch/38-mm high platform is very low to the ground for easy patient access. This makes the process simple and minimal effort required in order to roll a patient on and off the weighing platform.
