- Optional 12 AA batteries (not included)
- NTEP approved and TAA compliant
- Welch Allyn device connectivity
- 2-year manufacturer's warranty

To Learn more:

APEX + APEX-SH

With an ease-of-use approach enhanced by state-of-the-art technology the APEX, with an inline mechanical height rod, or APEX-SH, featuring a touchless sonar height rod, are ideal choices for doctor's offices, hospitals, or clinics.

APEX

APEX-SH

APEXH + APEXH-SH

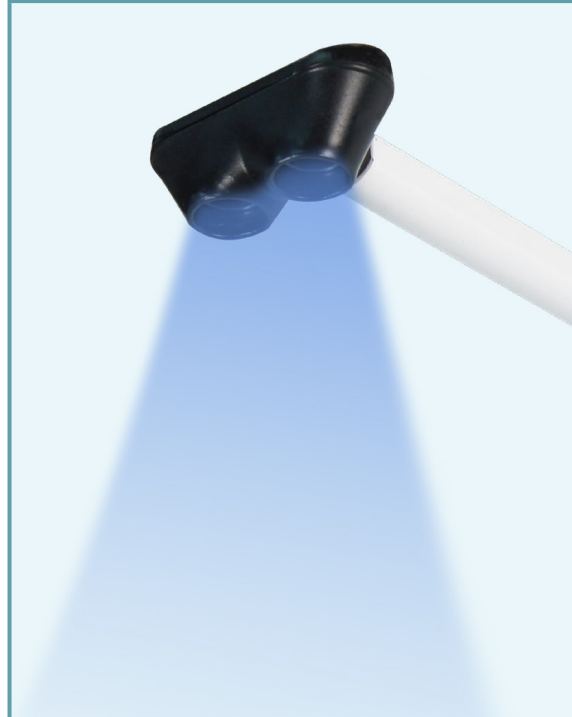

The APEXH and APEXH-SH combines the trusted precision of the traditional APEX scale with a sturdy custom designed wraparound handrail to ensure enhanced safety and stability during the weighing process for every patient.

APEXH

APEXH-SH

APEX-AT + APEX-RI

Portability is key for the APEX-AT and APEX-RI. Utilizing the same weighing platform design as the other members of the APEX family, paired with a tethered indicator allows for flexibility in weighing locations. For added benefit the integral carrying handle or custom designed case makes transport even easier.

APEX-AT

APEX-RI
