

# CHAIR SCALES

Seated healthcare scales for weighing patients that are frail, handicapped, on dialysis, or having mobility issues

# DIGITAL AND MECHANICAL PORTABLE CHAIR SCALES WITH **LIFT-AWAY** ARMRESTS AND FOOTRESTS

DETECTO's chair scales are a welcome addition to any healthcare facility when weighing patients that are frail, handicapped, on dialysis, or having mobility issues. DETECTO's convenient chair scales can save a great deal of time and effort when a healthcare facility does not have the proper equipment for weighing the aforementioned patients. DETECTO offers innovative designs that can come with mechanical or digital weighing systems. The plastic-molded seats provide needed comfort for patients and all models feature lift-away armrests and footrests.

## 475

### Mechanical Weighbeam Chair Scales

DETECTO's 475 chair scale has a plastic-molded seat for patient comfort complete with lift-away armrests on both sides and a fold-up footrest for easy access during patient transfers from a wheelchair or hospital bed. The die-cast, dual-sided weigh beam is readable from either side and features white enamel finish. No electricity is required, since the scale is mechanical. The 475 has a 450 lb x 4 oz capacity, and the model 4751 is also available with 440 lb x 4 oz / 200 kg x 100 g capacity.

## 6475

### Digital Chair Scales

DETECTO 6475 chair scale provides digital speed and accuracy for weighing while patients are seated in comfort. The 0.7-inch/19-mm high LCD display offer fast readouts accurate to within 0.2 lb / 0.1 kg. The scale's LOCK/RELEASE key holds the patient weight, so that clinical professionals can attend to their patient first before recording the weight. The EMR/EHR-ready RS232 serial port comes standard and Wi-Fi/Bluetooth is available on some models. The scale's capacity is 400 lb x 0.2 lb / 180 kg x 0.1 kg.

## 6880

### Digital Chair with Four Wheels for Tight Turning Radius

DETECTO's 6880 digital chair scale offers fold-up armrests and footrests, 440 lb x 0.2 lb / 200 kg x 0.1 kg capacity, secure rear wheel brakes, an ergonomically-shaped plastic-molded seat, and smooth gliding 3 in/7 cm diameter wheels on all four sides which can turn around easily in a full revolution with a tight turning radius. The scale is electronic with a single load cell. Padded hand grips contribute to the 6880 being a pleasure to operate.
