

DETECTO®

MCS SERIES

HANGING DIAL SCALES

- Reliable Produce Estimate Weighing
- 8-Inch-Diameter Dials
- Accuracy Down to 1 oz
- Double Dials Available for Viewing on Both Sides
- Includes Two Steel S-Hooks (Top and Bottom)

ECONOMICAL PRODUCE ESTIMATE WEIGHING

FROM THE BRAND YOU TRUST IN FOODSERVICE: DETECTO

DETECTO's MCS series hanging dial scales are built for commercial use in grocery store produce sections, farmers markets, butchers, and nut counters. DETECTO offers the MCS with a galvanized scoop and chains, bowl suspended by a bow, and also the dial by itself with two S-hooks. The large 8-inch-diameter dial is furnished with easy-to-read black graduations and numerals and a red knife pointer that indicates weight fast and accurately. The dial mechanism is protected by a clear lens while plastic housing eliminates dust and scratches.

Found in foodservice use around the world, the MCS series hanging dial scales are available with double dial to be read from either side and a variety of weight measurement displays to choose from. The zero adjustment screw lets you maintain optimal accuracy.

- Reliable, Accurate, and Economical Measurement
- Galvanized Scoops and Bowls Available on Some Models
- 20-lb and 40-lb Capacities
- Designed for Estimate Weighing (not legal for trade)
- Easy-to-Read Red Pointer
- Dial Mechanism is Protected by the Lens
- Single and Double Dial Models
- Supplied with Top and Bottom Industrial-Grade Hooks
- Featured on TV's "How It's Made"

Double dials available on some models for viewing from either side of the scale.

Four MCS models are available without a scoop or bowl; just the dial by itself with 2 S-hooks.

DETECTO model MCS-40F mechanical scale featuring a bowl with three drainage holes

THE PRODUCE SCALE TRUSTED BY GROCERY STORES EVERYWHERE

Portion fruit, vegetables, nuts, seafood, and even hardware parts with DETECTO's MCS series mechanical hanging scales. These scales with black numbers offer high contrast from the white background so that measurements can be read from a distance, and the red knife blade pointer responds to new weight instantly.

The MCS series is an economical mechanical scale for estimate weighing and never requires any power.

DETECTO model MCS-40P dial scale with galvanized scoop

8-INCH-DIAMETER, HIGH-CONTRAST DIAL FOR HIGH VISIBILITY

- Temperature-Compensated Springs
- Versatile Weighing Use
- Popular with Produce Merchants, Butchers, and Grocers
- Pointer Indicates Weight Fast and Accurately
- Easy-to-Read Dial Housed in Robust Casing
