

DETECTO®

Slim PRO

TALKING
LOW-PROFILE
HEALTHCARE
SCALES

- 600 lb / 272 kg Capacity
- Backlit Blue LCD
- 17 in W x 14.5 in D platform
- Mother/Baby Weighing Mode
- Talking Scale Speaks Two Different Languages

CLEAR PLEASANT VOICE ANNOUNCEMENT OF WEIGHT

Easy to use for the vision impaired

DETECTO's SlimPRO talking healthcare scales are ideal for the elderly, obese, blind, and telemedicine use. The scale is easy to use for the vision impaired and provides a clear, pleasant voice announcement of the weight in your choice of two languages: English or Spanish. The voice function can also be turned off.

The SlimPRO is a high-capacity, low-profile digital scale for clinical or personal weighing use. The spacious, extra-wide weighing platform easily accommodates patients up to 600 lb/272 kg. The stylish gray color blends into any environment. The scale automatically turns on when a patient steps on the scale and turns off when they step off.

THIN, LOW-PROFILE HEALTHCARE WEIGHING

As the name implies, DETECTO's SlimPRO is an incredibly thin 1.4-in/3-cm high scale that contains loads of weighing performance and durability for clinical-grade usage weighing heavy patients.

- Extra-wide platform for patients of all sizes
- Large 1.5 in/38 mm high LCD digits for easy reading
- Auto off function conserves battery life
- Body Mass Index calculation
- 4 AAA batteries included
- Step-On/Off function for weighing without switching on scale
- Ribbed black mat for weighing traction and user safety

SlimPRO

DETECTO®

**MOTHER/
BABY MODE**

Mother/Baby mode factors the weight of infants and toddlers held by an adult.

LARGE BACKLIT BLUE LCD FOR EASY VISIBILITY

Thin profile for easy accessibility combined with high 600-lb/ 272-kg capacity

- Non-skid rubber mat provides safety when stepping on and off the scale
- Low battery indicator for added convenience
- Flat construction makes stepping on and off very easy
- Weight is conveniently held onscreen for 5 seconds after weighing
- Integral carrying handle built into the scale
- Sturdy, well-built construction for long-term durability
- No need to turn it On and Off - the scale does it for you

Detecto Model SlimPRO
Digital Low-Profile
Floor Scale

IDEAL FOR:

- Elderly
- Obese
- Blind
- Telemedicine

The SlimPRO may be used in applications including physician offices, clinics, gyms, home healthcare, and bathroom personal use.

LARGE LCD READOUTS

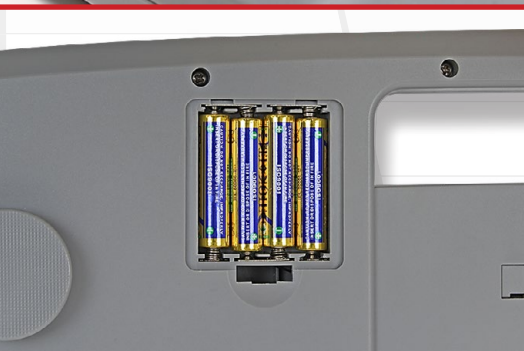

The SlimPRO's big 1.4 in / 36 mm high LCD digits are easily viewable. Convenient units switching is performed through a switch on the back of the scale.

SWIVEL FEET

DETECTO's SlimPRO can even weigh accurately on carpets. The special swivel feet allow the scale to be used on a variety of floor surfaces.

BATTERY POWER

The SlimPRO is powered by 4 AAA batteries, which are included with the scale. Auto-On and Auto-Off functions help conserve battery life.
