DETECTO's Stretcher Scale is ideal for emergency arrivals into a hospital when time is of the essence for gathering patient weights. The DETECTO models 8500 and 8550 can be used in the ER, dialysis, long-term care, and nursing homes.

The single-pass weighing feature saves time by allowing you to enter the stretcher or wheelchair tare weight using the numeric keypad on the indicator. You may also use the convenient pushbutton tare feature to remove the stretcher or wheelchair weight if you don't know the weight already.

### PORTABLE WITH INTEGRAL WHEELS AND GUIDE HANDLES

DETECTO's Stretcher Scale is engineered and manufactured at a light enough weight that it is easily portable to lift up and roll by nursing professionals. The model 8500 is 115 lb/ 52 kg net weight and the model 8550 is 130 lb/59 kg. The slim profile scale design fits easily through doorways of nearly any size.

# DETECTO'S STRETCHER SCALE IS LOADED WITH HELPFUL FEATURES AND TIME-SAVING BENEFITS

## STRETCHER SCALE

### LIFT AND ROLL

The scale's relatively low net weight, wheels, and guide handles all combine to make it easy to maneuver.

### WEIGH WHEELCHAIRS, TOO

The Stretcher Scale may be used to weigh wheelchairs as well as stretchers and gurneys.

### LOW PROFILE PLATFORM

DETECTO's Stretcher Scale has a 2-inch-high, low-profile platform with textured mat surface.

### BRACKET INCLUDED (Model 8500)

The model 8500 comes with a wall or desk mount swivel bracket for the MedVue® weight indicator.

### EASILY-COLLAPSIBLE COLUMN

It's easy to quickly slide the release lever and fold down the 8550's column for transport.

### TWO-WAY QUICK ACCESS RAMPS

The two-way-access ramps rest on the floor making it easy to roll patients onto the scale platform.

### OPTIONAL GUIDE RAILS

An optional yellow guide rail kit is available for the 8500/8550 (8500-GUIDERAILS).
