Model APEX

Model APEX-SH

WEIGHT + HEIGHT INSTANT READOUTS WITHOUT PUSHING A SINGLE BUTTON

Sonar touchless height rods available on some apex® models provide immediate digital readouts for optimal speed, accuracy, and hygiene

THE apex®

STATE-OF-THE-ART SONAR HEIGHT RODS

DETECTO's unique touchless sonar height rod instantly locks on the patient's height and measures nearly any patient size. The apex's sonar height rod measures from 24 inches (2 ft) up to 86 inches (7'2") by 0.2 inch increments and metric readouts of 60 cm up to 218 cm by 0.5 cm increments (model APEX-SH). Simply step on the scale and your height will be captured and displayed on the LCD within a second.
DETECTO's apex® scales measure weight and height efficiently on patients of all ages and sizes.

The apex's inline mechanical height rod models measure from 24 inches (2 ft) up to 86 inches (7'2") by 0.125 inch increments and metric readings of 60 cm up to 218 cm by 0.1 cm increments (model APEX). To calculate BMI, simply use the scroll arrows to enter the height measurement and then press the BMI key.

- Eye-level weight display convenience
- Sturdy column construction
- AC adapter included
- 10 different standard apex® models available for you to choose from
- OneWeigh units locking into lbs or kgs

Model APEX

600 lb x 0.1 lb   **270 kg x 0.05 kg**

HIGH-TECH WEIGHT
INDICATOR

The apex® features a high-tech, smart-phone-style indicator for easy utilization with 6 simple buttons and a bold LCD display for large readouts.

- 0.75-inch-high, clinical-blue LCD weight readouts

- Body Mass Index calculation

- Weight and height displayed onscreen simultaneously

- Automatically locks on weight temporarily for a few seconds in order to easily view and record measurement

- Battery power level indication

- Mother/Baby function factors the weight of infants and toddlers held by an adult

WiFi **Bluetooth**™

Wi-Fi/Bluetooth models available

Dual integral wheels provide for easy transport on all apex® models.

VERSATILE
CONNECTIVITY:

1 micro USB-B port

1 RS232 serial port

- HL7 IEEE 11073 compliant (standard)

- Wi-Fi/Bluetooth models available for wireless EMR/EHR

- Welch Allyn® device connectivity available: CVSM, CSM, and LXI (see models chart on back page)
POWER

apex® models come standard with the AC adapter included (see models chart on back).

An integral bubble level helps locate the most level surface area on your floor.

The lift-off apex® platform cover may be removed for wipe-down cleaning or to replace the 12 AA batteries.

The scale's structural base integrity is manufactured rock-solid for optimal patient safety and stability.
